

# Bachelor of Arts (Psychology & HR/Politics/English).

SAQA ID 62761 NQF level 7

## 🕒 Qualification duration

### Full-Time

Minimum: 3 years  
Maximum: 5 years

### Part-Time

Minimum: 5 years  
Maximum: 7 years

## ☰ Qualification description

Flexible learning. Limitless possibilities. The Bachelor of Arts (BA) degree prepares you for work in many disciplines and is an excellent foundation for careers in human resources, public relations, communications, teaching, psychology and political science.

Our BA degree is a broad and flexible qualification, rounded in the behavioural and social sciences. This degree aims to develop critical thinking and provide you with an in-depth understanding of human behaviour from different perspectives. You will be introduced to both the fields of general and industrial psychology and will have a choice of Human Resources, English or Politics as a second major. As you progress to third year, you will learn how to apply theoretical knowledge gained throughout the duration of this degree to real-world contexts.

Because of our degree's unique emphasis on practical application, you will select, conduct and present a research project and complete Work Integrated Learning (WIL) in certain streams during your third year. In addition, by introducing you to research, we are preparing you for postgraduate studies, a unique offering of this undergraduate degree. This blended approach ensures that you graduate with essential work skills such as critical thinking, and being innovative and adaptable to change, effective problem-solving, collaborating in teams and communicating effectively.

The success of our BA lies in its flexibility of subject choice, a curriculum that is relevant, Technology Enhanced Learning (TEL) and smaller classes as well as teaching staff with both industry and academic experience. We give you the opportunity to tailor your subject choice to specialise in an area that interests you the most.

## ☰ Qualification description

You will have a choice between one of the following six streams:

- Psychology and Human Resource Management
- Industrial Psychology and Human Resource Management
- Psychology and Political Science
- Industrial Psychology and Political Science

## Possible career options

Put your creative and critical thinking skills to good use. Graduating with the BA degree can form a foundation for many careers as this degree helps students acquire a wide range of interpersonal skills, which can be put to use in a number of different positions. Some positions would require further training as is common with most three-year degrees, while others draw on the skills developed throughout the BA degree. The Eduvos programme provides for two core disciplines, which will enable students to have more than one option for postgraduate studies.

The careers for you, as a BA graduate, are varied and, depending on the study stream you select, could include:

- Communications
- Human Resources
- Market Research
- Employee Wellness Consultant
- Public Relations
- Research
- Psychology related fields

In addition to the above, the BA degree offers students the first stepping-stone to the journey of becoming a psychologist (counselling, clinical, research, industrial/organisational). After completion of a BA degree, students need to complete additional postgraduate programmes to enter these professions. Entry into postgraduate programmes is often limited due to strict selection processes.

## Qualification accreditation

- Accredited by the Higher Education Quality Committee (HEQC) of the Council on Higher Education (CHE).
- Registered with the South African Qualifications Authority (SAQA).

**This qualification is offered at the following campuses:**

- Select Eduvos Campuses
