☰ Qualification description

Future-proof your skills with Eduvos. The insurance and financial industry are rapidly transforming with the new digital age. Continuous technological advancements are personalising insurance policies, while growing towards automated claim systems. Entering the insurance industry now requires a new skillset that is current, flexible and enables you to keep up with a fast-paced working environment. This includes current skills and knowledge of the fundamentals of insurance and financial management. The higher certificate offers young professionals who wish to enter the industry or those already in the workforce the opportunity to explore, understand and gain digital capabilities that are vital in the fourth industrial revolution.

The Higher Certificate in Business Management (Insurance) will provide students with a nationally recognised qualification. This is built on a current qualification offered at Eduvos, namely the Higher Certificate in Business Management.

The aim of this specialisation in Insurance is to broaden the market, increase the employability of our students and build the future-facing skills that the digital age demands.
