What you will learn and how to apply it practically

Course Overview.

The Eduvos Managing Finances Short Course is an online short course that provides the junior executive an opportunity to get ahead and succeed.

A good manager has a keen understanding of the impact of every action in the business on the financial aspects of the business. This short course will enable the learner to manage the finances of a unit and identify elements that may lead to financial risk in the business.

Many people are traditionally scared of looking at the financial aspects of a business but this short course takes away the guessing and gives practical tools to manage budgets, understand the basic finances of the unit and to monitor, assess and manage risk.
